so arranged that patients never see or hear each other. Received, the only entrance to his office is No. 24, having no connection with his residence, hence nearly no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

only asserts (and it cannot be contradicted, except by Quacks who will say or do anything, even perjure themselves, to impose upon patients) that he is THE ONLY REGULAR GRADUATE PHYSICIAN ADVERTISING IN BOSTON.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors &c., that he is much recommended, and particularly to

STRANGERS AND TRAVELLERS

to avoid and escape imposition of Foreign and Native Quacks, who are numerous in Boston than other large cities.

DR. L. DIX

provides for Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through long experience, practice and observation.

who know little of the nature and character of special Diseases, and less to their cure. Some exhibit forged Diplomas of Institutions or Colleges, which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposture assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACKE NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by *far* dead, who cannot expose or contradict them; nor who, besides, to further their imposture, copy from Medical Books much that is written of the qualities and effects of different herbs and plants a *describere* all the same to the public. Extracts Speciales &c., most of which if not all, contain Mercury, because of the ancient belief of the "cure" of everything "but now known to" kill more than is cured "and those not killed, conveniently injured for life."

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS,

through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to his patients in Pills, Drap's, &c., so the Nostrum Maker equally ignorant, adds to his so-called Extracts, Specific, Antidotes &c., both relying upon its effects in curing a few in a hundred. It is practiced in various ways throughout the land. As far as anything is said of the balance, some, whom die others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible by competent physician.

BUT ALL QUACKS ARE NO LONGER IGNORANT.

Notwithstanding the foregoing facts are known to every Quack Doc or and Nostrum Maker, yet, in regard to the life and health of their patients, there are those among them who, when secure themselves, contrive giving greater amounts to their patients or that it can tame their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and needlessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications, sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

A WORD OF SOLEMN CONSCIENTIOUS ADVICE
TO THOSE WHO WILL REFLECT.

A class of maladies prevalent to a fearful extent in country districts, among at least 100,000 youth of both sexes among our citizens. These disorders are very imperfectly understood. Their most manifest symptoms are Nervous Debility, Relaxation, and exhaustion; Malaise or Wanting and assumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or a flight of stairs; great palliation of the heart; Asthma, Bronchitis and Scrofula; throat, sucking of the hands and limbs; aversion to society and to changes; dimness of eyesight; loss of memory; Dizziness of the head; Neuralgic Pains in various parts of the body; Pains in the Back or Limbs; Tumors; Dyspepsia; Indigestion; irregularity in the bowel; deranged secretion of the glands; other glands of the body; Acne, Hysteria or their Allies, &c. Likewise Epilepsy.

Now in ninety-nine cases out of every one hundred, all the above named disorders, show a host of others not named, i.e. Consumption of the Lungs; and that most insidious and委婉 form of consumption of the Spinal Nerve known as Tabes Dorsalis; and Tabes dorsalis have their seat and origin in diseases of the spinal viscera. Hence the want of success on the part of the old school practice in treating such disorders.

Dr. Andrew Stone, physician to the Troy Lung and Hygiene Institution, now engaged in treating this class of modern maladies, in the most satisfactory success. The treatment adopted by the Institution is based upon simple principles, with newly-discovered remedies, without mineral or poison. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate description of their case by letter, and have the medicines sent them by mail or express. Printed instructions annexed will be forwarded on application.

The Consumption, Catarrh and diseases of the throat, as well as of the human heart, patient at the Institution are as follows: Cold Medicinal Inhalating Balsamic Vapor, with other simple directions for their use and direct correspondence.
